About Flawless

We are a straight-talking objective-driven full service design agency with a technical twist. As an agency who are proud of getting things right, we are responsive, passionate and always striving to exceed our client's expectations. Since our inception in 2010 we have been continually growing with a diverse and interesting client base. We are primarily a B2B agency working in a broad range of sectors. So, if you have exceptional attention to detail and want to join a growing team this could be the role for you. You'll be joining a group of fun, friendly and focused professionals working to build a better service for our clients.

The Role

If you're a talented mid-weight WordPress developer with a minimum of 3-4 years commercial experience, then this could be the role for you. We are looking for someone who can create bespoke WordPress themes using designs created by our design team. We make extensive use of Advanced Custom Fields and develop front end interfaces using Bootstrap. You should be confident in every stage of development, from analysis, design, and development to testing, and implementation. You will get to work on a wide range of projects that involve the following:

- Multi-country websites in multiple languages
- WordPress Single & Multi-sites
- eCommerce
- Bespoke integrations and APIs
- Client portals
- Content management and implementation
- Projects from small businesses to global corporations

Technical Skills

- Wordpress website design and development
- HTML, HTML5, CSS, & CSS3
- JQuery and JavaScript
- Version control systems such as BitBucket or GitHub
- HTML, CSS and PHP
- Competent with Advanced Custom Fields (ACF)
- Competent at developing front end interfaces using Bootstrap
- Good understanding of custom post types, taxonomies, and WordPress theme structure
- SEO best practise and application strategies
- DNS management
- GTM and tracking
- UI/UX design

Personal skills

- Organised, professional and methodical work approach
- Must have great attention to detail (we are called Flawless after all!)
- Ability to work effectively under pressure
- Must work well as part of a team
- Ability to manage your own time effectively
- A great problem solver
- Excellent communication skills
- A willingness to learn new skills

What we offer

- An opportunity to grow within a small team of like minded individuals
- A competitive salary (dependent on experience)
- A modern studio environment
- A pension
- 23 days paid holiday plus extended Christmas holiday period
- A creative, open and collaborative approach to work
- Casual dress
- Company events

If this sounds like the job for and you'd like to become a part of our growing success, please apply with your CV and 2-3 relevant examples of your achievements as a WordPress developer and we'll get back to you!
